Greetings from Texas,

I pray that this letter finds you living in the Lord's richest overflowing blessings.

I'm actually writing this December teaching letter in the New Year but thinking back, I wonder how many were counting the minutes until 2015 would end, in an almost fearful state of mind? I know there was also a group that was embracing every second that 2015 was going to give them; believing to the very last second for breakthrough, healings, restorations, transformations, etc.

Life gives us two options, to embrace and fight against whatever is coming our way OR give up and accept what is. I have found that if I decide to embrace the moment through Christ, it goes much differently than if I fight against it on my own strength and power. Embracing does not mean giving in and giving up, but instead knowing that God has your back and by faith through grace we can do ALL things through Christ.

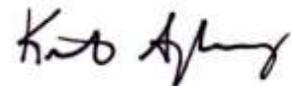

According to Webster, one of the definitions of embrace means, "to use (an opportunity) eagerly". In Christ, we have all kinds of opportunities, but on our own we are VERY limited! In Christ, we tap into a limitless power that says, "I CAN". I CAN do all things through Christ. I CAN do great things. I CAN walk in divine health and wholeness. I CAN live blessed above and beyond all I could ever ask or think. I CAN! I CAN! I CAN!

So, what are you now going to say about 2016? It's up to you!

We pray that this New Year will be your best year yet. We declare God's supernatural meets your natural and the percussion of this impact radically changes your life in every area.

Thank you for your support and prayers!

Sincerely,

Dr. Keith & Debbie (Zirkle) Spanberger
